- Consistent (same structure)

Explains File Format 🗀

- Naming conventions
- Emoji standards
- File structure

- Verification checklist

💡 EXAMPLE REQUESTS YOU CAN MAKE

Basic Generation

```
Generate Week_1_Day_1_RAM_Model_And_Pointers_Instructional.md
with all quality standards from TEMPLATE_v8_EMOJI_ENHANCED.md
```

With Verification

```
Generate content, then verify it meets:
☑ All 11 sections
☑ All 5 cognitive lenses
☑ 5,500-10,500 words
☑ All supplementary outcomes
```

Batch Generation

```
Generate all of Week 1 (5 files):
- RAM Model & Pointers
- Asymptotic Analysis
- Space Complexity
- Recursion I
- Recursion II

Follow TEMPLATE_v8_EMOJI_ENHANCED.md
```

Strategic Guidance

```
What are the top 5 misconceptions students have about
Divide & Conquer pattern (Week 4 Day 4)?

Provide:
- Specific misconceptions
- Why students believe them
